Валидации:

- VertexType exists (on Graph)
  - can't link vertex without its vertex type
  - can't unlink vertex type if vertexes of that type are linked
- EdgeType exists (on Graph)
  - can't link edge without its edge type
  - can't unlink edge type if edges of that type are linked
- Edge's vertexes exist (on Graph)
  - can't link edge if one of its vertexes is not linked
  - can't unlink vertex if adjacent edges are linked
